

# Cultural 3D

- **Navigation**

**Mouse:** to guide your camera

**Arrows/WSAD:** to walk around

**Navigator:** to have a bird's eye view (the red round dot represents your current location)

- **Click To View Resource Details**

Supported file types and their pictorial forms are shown in pictures both at the beginning and the end of this document. From left to right, they are audios, text files, pictures and videos.

**Audios and videos are not set to play automatically.** On single click on the object and it will play; a second click, however, will make it stop playing.

Pictures and videos can be hard to distinguish, just click to check if it will play.

**Clicks** also make an object reveal or hide its short description, which, when revealed, will be displayed at the bottom of the screen.
